SUMMARY

Computer Science student with strong fundamentals in Java and web development. Experience in building interactive applications and exploring backend development. Focused on improving problem-solving skills and writing clean, efficient code.

TECHNICAL SKILLS

Languages: Java, C, JavaScript

Backend: Node.js, Express.js, REST APIs

Tools: Git, GitHub, VS Code

Frontend: HTML, CSS, JavaScript, React

Databases: MySQL, MongoDB

Concepts: Data Structures, Algorithms, OOP, DBMS

PROJECTS

Samadhan Setu

- Built a platform to improve communication between users and authorities.
- Designed a structured complaint system with a clean, usable interface.
- Focused on clarity and accessibility of the user experience.

[View Project](#)

Fun Projects Collection

- Created multiple mini web applications using JavaScript.
- Implemented API-based projects and dynamic UI behavior.
- Practiced DOM manipulation and event handling.

[View Project](#)

Programming Assignments

- Solved programming problems in Java to strengthen algorithmic thinking.
- Strengthened problem-solving skills through structured exercises.
- Developed basic working knowledge of C.

ACHIEVEMENTS

Smart India Hackathon (SIH) – Participant

- Worked in a team to develop a solution under time constraints.
- Improved problem-solving and collaboration skills.
- Gained exposure to real-world problem statements.

EDUCATION

B.Tech – Computer Science Engineering	2023 – Present
Galgotias College of Engineering & Technology	
Senior Secondary (12th) – PCM	Score: 91.8%
Secondary (10th)	Score: 92.8%

CERTIFICATIONS

Database Management System – Part 1	Nov 2025	View Certificate
ReactJS Certification	June 2025	View Certificate
Data Structures and Algorithms (Infosys)	Jan 2026
